Every country and government spare no effort or money to enrich the collection of museums to cater for different tastes or needs of people, for the benefit of the present and future generations. There are bounteous museums all over the world. The British Museum, which is maybe the largest one in the world, provides visitors with all-round knowledge about the world culture and arts. The visitors to the museum are all overwhelmed by the magnificence of the culture and history of mankind. If one wants to know about the development of human science and industry, he can have a tour to The Museum of Science and Industry located in Chicago, the United States, where a detailed scientific progress is presented vividly. You cannot miss every achievement human beings have made in history and you are sure to be shocked by the civilization our forefathers created. If one wants to have a browse of the important events in the past, American Museum of Photography is the best choice. It abounds in precious historical pictures and gives visitors unforgettable memory. Apart from the state-owned museums, there are also innumerable private museums whose purpose is to exhibit their cherished collection and popularize knowledge. With a view to giving people updated information and rendering them a more detailed overview, many countries invest a great deal of money in the foundation of museums,

because museums disseminate human knowledge and culture, which are more significant for the development of the young generation. Besides, entrepreneurs and individuals should also lay a fund for the improvement and rebuild of museums. The prosperity of human culture is not only the responsibility of the government, but also the responsibility of every individual and organization. (295 words) 范文

二：Nowhere in the world has the issue of museum's progress been so much debated as in our society. Nowadays, more and more museums have to face the serious economic problem. Therefore, many people doubt museum's existent signification. In this essay we will discuss the existent signification of museum and the solutions, such as buying by government and supporting by society. Firstly, museum is considered the historical symbol that it exhibits traditional culture of a nation. Nations of difference have different culture and history. The museum is the best way to let the younger generation savvy their ancestor's history and let visitors and foreigners know varied culture and tradition. Secondly, museum could save plenty of cultural relics that they are not destroyed and lost. The equipments of museum could perfectly save all kinds of displays. As a result of the future of museum, the outlook is somewhat grim. People already realize this problem exists and are trying to solve it. For one solution, the government ought to buy all museums. If museum belong to government, it will means main economic problem of museum is solved. The second solution is that society ought to donate lots of money to maintain development of museum.
