class="kkkk" style="word-break:break-all."> Fellow friends: Hello! Toured the Dali old city, initially has felt this humanities landscape profoundness. Now we watch the Cangshan Erhai, understands the Dalis America of scenery. First, we ride the yacht to go to the Erhai park. The Erhai park other name group mountain park, is located the Hsiakuan city northeast 2 kilometers place groups mountains. North it near ocean waves Wan Qing Erhai, west and Cangshan South End setting sun peak relative. When Nanzhao country, here is kings deer park. In 1976 here newly warded off for the park, Occupies 1,600 Chinese acres. On the mountain has the zoo and the plant nursery flower-bed, broadly plants the Dali area each kind of precious flower different plant, is very good rests place of the tour. Now the pleasure boat to the Erhai park near the sea causeway, we came ashore to the ship, this is under the group foot of a hill Binhai tour area along 270 multistage stone steps Ascends Level on, we arrive the summit. Everybody looked that, this Curls upwards Angle upturned eave pavilion is looks thesea building, the eave hangs from above the plaque, submits a written statement: Jade Er silver dark green ", the black bottom gold character, vigorous is classically elegant, it is the Chinese admiration of somebody's fame painter Wu Zuoren's writing skill. Look the sea building is understands "the jade Er silver dark green" happiest extent, leans against a railing looks

out into the distance: East side Erhai vast, boundless, west Cangshan is continuous, luxuriant is gray. Fellow friends, let us go on board once more, roams through to Erhai. But I first must to everybody introduction be actually am Cangshan. Formerly, we in the Dali city, under on the dark green foot of a hill road, have not been able to look at carefully the Cangshan grand appearance well. Just like the ancient said "does not know the truth about the matter, only reason body in this mountain". Looks these a building in the Erhai park, the angle of view inclines, also only can see the Cangshan terminal. Now, unceasingly leads the way along with the pleasure boat, in our eye Cangshan is not clearer? Some people said that, a Hengduan pulse condition great arm, the Tibet plateau extended west Yunnan from "the roof of the world" to the south, Cangshan was in this world famous sierra a cloud range branch. Cangshan, also names the Diancang, is green because of its mountain color, the mountain apex acquires fame in vain. Cangshan altogether has 19 peaks. This 19 peaks from the north to the south order are: The cloud makes, green, five, the lotus flower, the white clouds, the crane cloud, three positive, the blue peak, the snowman, should be happy, the Goddess of Mercy, center and, Longquan, the jade bureau, Malone, the saint should, Buddha go against, Ma Er, the setting sun. In 19 peaks, the Malone peak is highest, elevation 4,122 meters. The Cangshan 19 peaks, two peaks clamp a brook, altogether 18 brooks. East the mountain stream flows, pours into Erhai, 18 brooks from north to south, the base arrangement is: South the rosy cloud moves, Wan Hua, the positive brook, the awn wells up, the brocade brook, the

spiritspring, the white stone, the double mandarin duck, hides the immortal, Mei Xi, the peach brook, center the brook, the emerald, Longxi, clearblue, remnant, Pavilion mouth, is not positive. The Cangshan scenery by the snow, the cloud, SpringStone is famous. I firstintroduce Cangshan to everybody the snow. After the summer needlessCangshan snow, is Dali "the love affair" four given names scenery. Thesnow white Cangshan snow, all previous dynasties article literatiapproves the refined language quite a lot, the folklore also many. Thethe Ming Dynasty writer Li Yuanyang once praised: "Date Li Cangshansnow, Precioustai 19 peaks". Cangshans cloud is the famous biography is far and wide. The cloudgathers the cloud to disperse, sometimes the pale like light smoke,sometimes is thick like splashes ink. In fluctuates varied 云景center, what is most mysterious is "looks the husband cloud" and "thejade belt cloud". So-called "looks the husband cloud" is referswhenever the winter spring the season, the Cangshan jade bureau peakregular meeting appears a lonely cloud, suddenly remembers suddenlyfalls, about flutters, if hoped if attends to. Unusual occupying to anits appearance, the Diancang then suddenly gets up the storm, blows toErhai. So-called "jade belt cloud", is refers whenever at the end ofthe summer FallInitially, After rainFirst clear, between the Cangshan 19 peakshalfways up the mountainside often can appear white clouds, the cloudsGathersCollects, slowly pulls open, if the pure white jade belt horizontallyties the green mountainside. Is continuous dozens of miles,unexpectedly the date does not dissipate. Marvelous is, "the jade beltcloud" meets the omen agriculture abundant harvest: It

appears the number of times to be many, same year on good crop weather. Local Painsationality has the farmers proverb: "Cangshan is the jade belt, the hungry dog eats the rice". Cangshans spring very is also famous. In 19 peaks the elevation has many mountains moraine lake in 3,800 meter above peak, this is the quaternary period glacier stays behind. Also has that 18 brooks the mountain stream, flies the waterfall to fold the spring, the four seasons rushes down, in under clear sweet water seepage nourishing, Cangshan fills the vitality. The moraine lakeside, the densely covered virgin forest and many precious forests, the strange flowers and plants, specially should tell everybody are, Cangshans flowers and plants already fine reputation far broadcasts, moreover it also causes Cangshan to be famous far and wide. American Professor Luo Lancaster once said that, "Has 1000000 in US to know the Chinese Yunnan the Dali Cangshan, because they all plant have many beautiful Dali Cangshan the Indian azalea." Cangshans stone, renowned at home and abroad. Guo Moruo has "Chants Marble" the poem: "Three towers 三塔 are high ancient, along thinks Loyal View year. The Cangshan rhyme love affair, the wonderful stone spits the mist. Outside the heart, coolly lives Elbow Armpit. The day merit man power generation, the overseas compete the treasure biography." Cangshan has bred the marble, the marble is Cangshans soul. This kind of magnificent wonderful stone, world many places all have, the alone Dalis most wonderful America, also opens the people early, therefore, world every this wonderful stone is called "the marble", "Dali" also raises the world because of Shi Erming. Fellow friends, our pleasure boat

vanguard, now should introduce this ocean waves Wan Qing to everybody Erhai itself. Erhai, ancient name Kunming pond, Er river, Ye Yu Ze and so on. Because it resembles the person ear, therefore Erhai. Its north and south long 42 kilometers, the thing extends 3-9 kilometer, the lakewaterfront long 117 kilometers, the area more than 250 square kilometers. The hydraulic mean depth 10.5 meters, the deepest 21.5 meters, the water-holding capacity 2.88 billion cubic meters, the area and the water-holding capacity arrange in order the Yunnan lake second, occupies seventh in the national fresh water lake. South Erhai has makes up the river and so on to pour into, West Natrium the Cangshan 18 mountain streams, east collect the Polo river, dig the color river, the south side west Er river are the only estuaries, after Ripples red circles into Lanchan River. Erhai is the tectonic lake, the lake shore thing are many Cliff Wall, north southwest three are the sandbars. Everybody looked, Erhai water depth limpid, if the non-flaw beautiful jade, is beautiful incomparably, it is welcome each position by the broad mind to come from the distant place guest. Erhai is the China famous high land moor, as early as it has carried the annals in the Han Dynasty. 百考试题论坛 "Er Sea Month" is Dali one of four given names scenery. If goes boating Erhai in the lunar calendar ten in May bright nights, its month especially bright, especially circle, its scenery elated: In the water, the month circle like wheel, floats the light to swing the gold. The sky, the jade mirror high hangs, the clear splendor is shining, the bath leaves from Erhai. Looks that, looks, the water and sky shines, you unexpectedly cannot distinguish clearly are the

daymonth fall the sea, or SeaMonth ascends to heaven. Is Er SeaMonth so whybright? The scientific conclusion is: First, Erhai water quality specially pure, the transparency is quite high, its reflection greatly strengthened. Second, Erhai sea level dust less, air fresh, causes the water and sky to serve as contrast, the moonlight is brighter. In addition, Er SeaMonth is famous, but also lies in the pure white non-flaw the Cangshan snow to produce an inverted image in Erhai, SeaMonth enhances one another's beauty with as pure as driven snow Er, a constitution silver dark green jade Er's big marvelous sight. With the Cangshan snow, the Er SeaMonth connected Dali four given names scenery also have Guan Hua, the Hsiakuan wind. Between Erhai and Cangshan's dam, is a long shape silting alluviation plain. When Nanzhao country, nearby two respectively builds a xiaocheng in this strip north and south, holds the important location, defends the king's safety. North name Long Shouguan, also called closes. Southern region name Dragons Tail pass, at once Hsiakuan. On so-called close the flower, is refers closes "ten mile fragrant wonderful tree", this flower originally shapes the street and Shan Sinei in on pass, its flowered big like lotus, the year opens several hundred, the fragrance overflows the four directions, the flower opens the season, the view like cloud. Also therefore the tree ties the husk to be firm, may do faces the bead, therefore the flower called "faces the pearl head ornament". Afterwards, this flower vanished. The first years, some people had it is said found it in the Cangshan forest. West the Hsiakuan wind refers to the Er river valley to inject Hsiakuan the wind, continues all year long, You take dong as

is spring abundant, you as soon as enter Hsiakuan to be allowed to feel the Hsiakuan wind the existence. It roars nearly every day, sweeps the street to put on the lane, holds up the bottom of garment uncovers the hat, caused Hsiakuan obtained "the wind city" the nickname. Dali's love affair four given names scenery, has poem its string in the same place, is advantageous for remembered, also quite has the appeal: The Hsiakuan wind, on closes the flower, the Hsiakuan wind blows closes the flower. Cangshan snow, Er Sea Month, Er Sea Month according to Cangshan snow. Speaks of here, asks each position to look our Paining girls embroider flowered Baotou. You might not despise it, it has manifested the Dali four given names scenery. Please look that, The breeze blows, nearby the ear snow white 纓 Ear with the wind floatingly sprinkled, has appeared Hsiakuan's wind. In Baotou gorgeous flowers, has represented the flower which on closes. The peak this is white 茸茸 Silk Head, looked by far likes Cangshan the snow. The entire Baotou's shape same bright is moving on like Erhai's in crescent moon. 相关链接：导游站外语导游词集 100Test 下载频道开通，各类考试题目直接下载。详细请访问 [www.100test.com](http://www.100test.com)
